Alberta

Temporary Resource Development Assistant 8 Week Position

Ronald McDonald House Charities® Alberta (RMHC Alberta) is passionate about providing a home away from home for families with seriously ill or injured children. Seventy per cent of Canadian families live in an area without a children's hospital. This means that when a child is seriously ill or injured, families must leave their homes, jobs and support systems to access vital – and often life-saving – medical care. RMHC Alberta is here to help. We keep families close.

We know that when a child is sick, the whole family hurts. That's why we're part of a global network prioritizing family-centered care through our unique core programs. We offer 73 private family suites at the Houses in Alberta. Our Ronald McDonald Houses provides a warm, compassionate and comfortable environment where families can share experiences, eat a warm homemade meal and rest while caring for their child in the hospital.

Reporting to the Regional Development Manager, the Resource Development Assistant will be responsible for, but not limited to, engaging and connecting resource supports for our signature and community events and activities in the Red Deer and Central Alberta region.

Resource Development Assistant Qualifications/Experience:

- Post-secondary in a related field such as Business Administration, Project Management or Event Planning
- Strong verbal and written communication skills
- Proven time management skills
- Experience in fundraising or working with fundraising databases will be considered an asset
- Must have a current Police Criminal Background check with a vulnerable sector search and a Child Intervention Record Check
- This position is made possible in part by the Canada Summer Job Grant. Applicants must be between 15 and 30 years of age and a Canadian citizen, permanent resident, or a person on whom refugee protection has been granted

Resource Development Assistant Responsibilities:

- Working collaboratively with all team members for cultivation and stewardship of key stakeholder relationships
