

RMHC Alberta Board Continues Excellence with Returning Slate and New Director

It is with great excitement that Ronald McDonald House Charities® Alberta welcomes their newest board member – Cassie Campbell-Pascall.

Cassie has a long history supporting the mission of RMHC including her work as an ambassador and her significant fundraising and awareness for RMHC with her *Cassie Campbell Street Hockey Tournament*.

Cassie is a six-time World Champion gold medalist, a three-time Olympic medalist, and has won 21 Canadian National Women's Hockey Medals. She was the first person – male or female – to lead Canada to two Olympic gold medals. Her current work with broadcasting also broke barriers when she became the first woman to do colour commenting on CBC's Hockey Night in Canada. In 2016 she became a Member of the Order of Canada for her many achievements.

"It is an honour to be able to dedicate my time to this organization. I have had the pleasure of meeting many families who stay at the Houses in Alberta and I know how important it is to make RMHC available to any family with a sick or injured child", says Campbell-Pascall.

The RMHC Alberta Board of Directors is also pleased to announce that following the recent Annual General Meeting, each and every board member are continuing their work on the board of directors.

"The dedication and support of these hard-working individuals from across Alberta is invaluable to the success and direction of the organization", says Thomas Lui, Board Chair for RMHC Alberta. "This group has been responsible for some incredible advancements for the organization – and to do this all on volunteer time is truly remarkable".

RMHC Alberta has 17 board members who are responsible for the governance of the organization. Their work includes providing strategic direction, creating awareness for the organization, and supporting RMHC Alberta initiatives.

"We are very fortunate to have an engaged, knowledgeable, and supportive board of directors", says Jason Evanson, CEO for RMHC Alberta. "We would not be able to achieve our goals of delivering more mission to more families without their guidance and enthusiasm".
